

Economy Design v1

Coin packs · Gift catalog · Cosmetics · Level curves · Agency commission · Free coins

Yeh numbers starting point hain. Launch ke 3 mahine baad data dekh ke tune karna hoga.

Base rates

Coin rate	65 coins = ₹1
Gift split (paid coins)	Host ko gift value ka 60%, points mein
Gift split (bonus coins)	Host ko 20%
Point rate	130 points = ₹1
Effective payout ratio	~30% on gifting, ~22-25% blended

1. Coin packs

Pack	Price	Base coins	Bonus	Total	Effective rate
Starter	₹19	1,235	+250%	4,300	226/₹
Small	₹99	6,435	+5%	6,750	68/₹
Popular	₹299	19,435	+12%	21,800	73/₹
Value	₹999	64,935	+20%	78,000	78/₹
Big	₹2,999	194,935	+28%	249,500	83/₹
Whale	₹9,999	649,935	+35%	877,500	88/₹

Rules:

- Starter pack lifetime **ek baar** — profit ke liye nahi, pehli payment friction todne ke liye
- Bonus dheere badhta hai — bada pack behtar lage, par chhota bekaar na lage
- ₹299 par "Most Popular" tag
- Totals jaan-boojh ke awkward (6,750 / 21,800) — gift prices se exact match na ho, balance hamesha kuch bacha rahe

2. Gift catalog

24 gifts, 5 tiers.

Tier 1 — Impulse

Gift	Coins	≈ ₹	Note
Heart	10	0.15	Bonus coins se bhi bhej sako
Rose	50	0.77	Pehla paid gift
Chai	99	1.52	Local flavour
Laddu	199	3.06	
Clap	299	4.60	

Tier 2 — Regular

Gift	Coins	≈ ₹
Perfume	520	8
Teddy	999	15
Guitar	1,500	23
Cake	1,999	31
Bouquet	2,600	40

Tier 3 — Statement · full-screen animation

Gift	Coins	≈ ₹
Fireworks	4,900	75
Motorbike	7,800	120
Diamond ring	11,700	180
Yacht	19,500	300

Tier 4 — Flex · room banner + host notification

Gift	Coins	≈ ₹
Sports car	48,750	750
Private jet	97,500	1,500
Castle	195,000	3,000

Tier 5 — Global · saare rooms mein announcement

Gift	Coins	≈ ₹
Rocket	487,500	7,500
Galaxy	975,000	15,000

Tier 5 hi asli product hai — user ₹15,000 doosre **users** ko dikhane ke liye deta hai, host ke liye nahi.

Combo multipliers

Same gift repeat karne par animation upgrade: **x1 → x10 → x99 → x520 → x999**

520 aur 999 sentimental numbers hain (520 = "I love you", 999 = forever) — is category mein globally establish ho chuke hain. Combo buttons single-tap hone chahiye, koi confirmation dialog nahi.

3. Cosmetics — zero payout, poora margin

Yeh 20-25% coin spend share banayega. **Sab items expiring rakho** — permanent one-time revenue hai, monthly recurring.

VIP tiers (monthly)

Tier	Coins/month	≈ ₹	Milta hai
Silver	6,500	100	Badge, chat color
Gold	32,500	500	+ Entry effect, 2 chat bubbles
Platinum	130,000	2,000	+ Nickname protection, profile frame, stealth mode
Diamond	650,000	10,000	+ Custom entry animation, global badge, priority mic

One-time cosmetics

Item	Coins	≈ ₹	Duration
Profile frame	3,250	50	30 din
Chat bubble	1,950	30	30 din
Entry effect (basic)	6,500	100	30 din
Entry effect (premium)	26,000	400	30 din
Nickname color	1,300	20	30 din
Super message (sab rooms)	5,200	80	Ek baar

4. Level curves

User level — lifetime paid coin spend (bonus coins count nahi)

Level	Cumulative coins	≈ ₹	Unlock
1-5	0 – 6,500	0 – 100	Basic badge
6-15	6,500 – 65,000	100 – 1,000	Chat color choice
16-30	65,000 – 650,000	1K – 10K	Free entry effect
31-50	650,000 – 6.5M	10K – 100K	Free frame, priority support
51-70	6.5M – 65M	100K – 1,000K	Whale tier, dedicated manager

Level kabhi neeche nahi girta. Log level protect karne ke liye kharch karte hain.

Host level — cumulative points earned

Level	Points	Unlock
1-10	0 – 50K	Basic
11-25	50K – 500K	Custom room cover, 3 room admins
26-40	500K – 5M	Fan club unlock, scheduled live
41-60	5M+	Guardian slots, top-page eligibility

Fan club level 26 par rakho — host ko grind karne ki wajah milti hai.

5. Agency commission

Pichle 30 din ki total host earnings par (agency ke saare hosts milake):

Monthly host earnings	Commission
₹0 - 50,000	5%
₹50,000 - 2,00,000	8%
₹2,00,000 - 5,00,000	12%
₹5,00,000 - 15,00,000	16%
₹15,00,000+	20%

Sub-agent: agency apni commission ka 20-40% sub-agent ko de sakti hai. Platform sirf agency ko pay karta hai; agency sub-agent ko.

Rules:

- Daily reward, task reward aur bonus-coin earnings par commission **nahi** — warna agency sirf reward farming karayegi
- Tier har mahine recalculate ho, retroactive nahi
- Host agency badle toh commission gift ke timestamp ke hisaab se split ho
- Commission host ki earning se **nahi** katta — platform apni taraf se deta hai

6. Free coin economy

Budget: paid coin revenue ka maximum 8%.

Source	Bonus coins	Cap
Signup	500	Ek baar
Daily check-in (day 1-7 streak)	20 → 150	Roz
Watch 5 min	30	Din mein 10 baar
Follow a host	20	Din mein 5
Share stream	50	Din mein 3
Referral (friend recharge kare)	2,000	Unlimited

Bonus coin rules:

- 30 din mein expire
- Gift bhejne par host ko sirf **20% points** (paid coins par 60%)
- Cosmetics par poora chalega
- Ledger mein `COIN_BONUS` alag account, `COIN_PAID` se alag
- Spend order: **pehle bonus, phir paid** — free coins jaldi khatam hon, paid balance dikhta rahe

7. Health targets

Metric	Target
Coin spend — gifts	75-80%
Coin spend — cosmetics	20-25%
Effective payout ratio	22-25%
Bonus coin cost	≤8% of paid revenue
Agency commission (blended)	10-12% of host earnings
Blended gross margin	44-48%

8. Tuning notes — launch ke baad

Sabse pehle jo galat nikalta hai: Tier 2-3 ka gap. Aksar users Tier 1 se aage nahi badhte. Fix: beech mein ek gift add karo (~₹55-60), Tier 1 ka top gift thoda mehnga karo.

Agar cosmetics share 20% se kam hai: entry effects ki visibility badhao — room mein enter karte waqt doosron ka effect dikhna chahiye. Yeh demand FOMO se banti hai, ads se nahi.

Agar payout ratio 30% se upar ja raha hai: pehle cosmetics push karo, point rate ko mat chhedo. Point rate aakhri lever hai — hosts turant notice karte hain aur competitor ke paas chale jaate hain.

Agar bonus coin cost 8% cross kare: watch-reward cap kam karo, referral payout ko first-recharge se link karo.

9. Implementation notes

- Poora catalog **server-driven config** se aaye — naya gift ya price change karne ke liye app release nahi honi chahiye

- Har gift ka (id), (tier), (coin_price), (payout_rate), (animation_asset), (is_active), (visible_from), (visible_to)
- (payout_rate) per-gift field ho, global constant nahi — future mein event gifts ka rate alag rakh sakoge
- Coin pack prices Play/App Store ke price tiers se match karni padengi — exact ₹19/₹99 available na ho toh nearest tier lo
- Level thresholds bhi config mein, hardcoded nahi
